

BEST-IN-CLASS WELL SERVICES

C&J Energy Services offers comprehensive, top-quality well services that support completion activities and help prolong the productive life of your oil and gas wells.

C&J Well Services:

- Maintain exceptional safety programs that have earned special recognition by industry associations and regulatory authorities
- Are ranked the #1 fluid hauling and #2 rig services provider in the U.S.
- Provide a full suite of auxiliary equipment for any maintenance, workover or completion application
- Improve efficiencies and reduce costs with services that span the life of the well

To prolong the productive life of your oil and gas wells, contact your C&J representative or visit cjenergy.com.
